Notes

- Filter: {ACTIVE/INACTIVE}='Recurring' — Active, PAUSED, INACTIVE all excluded.
- "Due" = AT's Next Visit Calculated ≤ 2026-05-31. That's Last Visit + Frequency per AT's own formula.
- "Missing" = no AT Visit with Status='Upcoming' for that client + that service line through 2026-05-31.
- Lift Station clients can appear in BOTH sections (they need both visit types).
- "Requires Phone Call" clients excluded (emergency-only, no recurring schedule).
